I encourage people to read this speech for themselves. It is a speech on the model prosecutor, for whom the Attorney General has the highest respect. Aggressive in pursuit of justice, but dispassionate in its administration. There are thousands of DOJ prosecutors who embody this.

Please add some color to this for me as a help for my memory; Did any Republicans during the pendency of the MUELLAR investigation do anything like this? Or did they wait until the results came out?? Need a little help. Thanks.

Another huge example of prosecutorial over~reach and with holding crucial exculpatory evidence in a criminal case. These prosecutors are head hunters and this not acceptable within the American justice system. [#FreeFlynnNow](#)
